## Oralade<sup>®</sup> RF Support 330ml Product Listing

### DESCRIPTION

Oralade RF support is a highly palatable ready-to-serve isotonic formula, providing microenteral nutrition and oral rehydration support for cats with acute intestinal absorptive disorders and chronic kidney disease (CKD).

RF Support provides a balance of essential electrolytes, simple sugars and restricted levels of high-quality protein. Made with a natural chicken flavour and purified water.

Suitable for cats with renal or urinary problems and also GI upset and during recovery.

### KEY FEATURES

- Highly palatable natural roasted chicken flavour
- Fast acting oral rehydration replenishes lost fluids and electrolytes
- Functional amino acids support eye, heart and kidney health
- Zero phosphorous, zero calcium and hypoallergenic
- Palatability can be used to encourage better uptake of water or prescription diet

### DIRECTIONS FOR USE (see feeding guide)

Period of use: Initially up to 6 months. Offer free choice in a bowl, replace unused portion after 12hrs. It is recommended that a veterinarians opinion be sought before use or extending the period of use. Water should be available at all times.

### COMPOSITION

Purified Water, Dextrose Monohydrate, Sodium Chloride, Potassium Chloride, Monosodium Phosphate, Chicken Liver Hydrolysate

### NUTRITIONAL INFORMATION
