

Platinum Lifetime Warranty

Tyent USA, LLC 'Forever Guarantee'

At Tyent USA, there is one thing that we know for sure—we have the largest, strongest, most reliable and most powerful plates in the industry.

We know that our water ionizer “engine” runs at maximum performance because of our premium plates and our scientifically-advanced water cell. When you purchase a Tyent, you will discover how cutting-edge components, such as our Solid/Mesh Hybrid Plates, really make the purest and healthiest ionized alkaline water.

Tyent USA is proud to announce how committed we are to customer service – we feel that we offer the best commitment in the entire water ionizer industry. The longevity and reliability of our flagship products: the MMP-7070 Turbo, the MMP-9090 Turbo Extreme and the Under-Counter Extreme-9000 Turbo, has allowed us to increase our warranty period for all products, **INCLUDING the MMP-11 Turbo, the UCE-11 Turbo and the ACE-11 Turbo.**

Now, all Tyent Water Ionizers will carry a Platinum Lifetime Warranty on parts and service.

NOTICE: We do not use the term "limited" in our warranty!

You will find that when you are looking into warranties that Tyent USA is the only company to offer a warranty with such high value – not as a gimmick to be used as a marketing strategy (with many stipulations). Our value is true value. Therefore, our Platinum Lifetime Warranty contains no stipulations, no fine print and no hassles. There are no limitations with regard to hard water, or with regard to the amount of water that is produced by our machines. Also, there are no requirements for how many filters you must purchase or how often you need to change your filters to keep your warranty valid. Read competitors' warranties carefully and watch out for unreasonable stipulations and limitations that are often used as ways to abandon coverage. At Tyent, we do not believe that is fair.

In fact, our entire warranty rules and regulations are listed in one short paragraph below.

All New Tyent USA, LLC Forever Guarantee.

This Guarantee is applicable to all units purchased on or after January 15th, 2010

If our customers experience any performance issues with our cutting-edge water ionizer systems, then we will fix or replace the unit (within a week in most cases). Any damaged unit will be fixed, or replaced with a comparable unit at no cost to you (excluding shipping). The only item not covered under our warranty is accidental breakage that could be caused by dropping one of our units or damage caused from something of a similar nature. Feel free to use our units in any type of water, and to produce as much water as you wish. Our advanced cleaning system, filtration and **power** methods are the toughest and most advanced in the industry.

The terms above are in effect for FOREVER on all of our units.

Please take some time to compare our new warranty to our competitors' warranties. We know that we have the best warranty in the industry, and our premium warranty is just one more way that Tyent USA, LLC is setting the standard while creating "Water for Wellness".

If you have any questions about the Tyent warranty for your ionizer, please email support@purelywatersupply.com
