

2011-2016 SUPER DUTY FRONT MAP

STEP 1

Open the sunglass holder

STEP 2

There are two clips located in the photo to the right. Press in on these clips and it will release the covering for these lights.

STEP 3

Carefully pull the clear covering off, then remove the two glass bulbs (be careful removing these bulbs as they may be hot if they were on).

Then insert the MKII Front Map kit. (if the bulbs do not light at first rotate them 180 degrees then reinsert them)

OEM Bulb

MKII Front Map Bulbs

STEP 4

Reinstall the front map covering,
