Warranty	3 Years Replacement*							

Important Safety Issues:

- This product must be installed by a qualified electrician according to AS/NZS 3000. Ensure all electrical mains are disconnected before any installation.
- Modification of this product will void any warranty.
- Havit Lighting does not take responsibility for wrong installation, incorrect use, or use of installation material that does not belong to the system.
- Aluminium and 304SS fittings must not be installed within 5km of any salt water environments.
- All o-rings and seals must be in place correctly to maintain warranty.
- This form may be updated at any time due to product improvements, please check online installation form for most current version.

Steps for Installation:

1. Make sure that the electrical circuit is free of voltage (master switch off)
2. Loosen allen screws on side of fitting
3. Remove base plate from fitting
4. Install base plate to wall in desired location using appropriate screws for application.
5. Seal all holes including cable entry hole and mounting screws.
6. Use an appropriate 12v DC LED Driver - DO NOT CONNECT LIGHT FITTING DIRECT TO 240V
7. Connect the cable, Connect live then neutral wires.
8. Reattach fitting to base plate making sure allen screws are tight to avoid water penetration
9. Apply silicon around edge of base to prevent any water from getting inside to electrical connections.
10. See APP Installation Instructions for connection to tablet or smartphone.
11. All connections must be carried out carefully, inspect all contacts before switching back on the electric circuit.
