WHAT'S INSIDE?	WHAT DOES IT DO?
Apricot Oil	Ooh baby, this rich oil is often found in natural baby products because of its soothing, healing and anti-inflammatory properties.
Aloe	Ancient Egyptians called aloe the “plant of immortality” and we know why. Soothing, healing and hydrating with anti-inflammatory properties, it does a little bit of everything.
Mango Extract	High in antioxidants and vitamins, mango extracts excel at moisturizing the skin without clogging pores.
Vitamin C (MAP)	This type of vitamin C penetrates deeper into the skin and stays stable longer, ensuring you get a full dose of antioxidants to help minimize signs of aging while promoting brightness.
Comfrey Root Extract	Soothing anti-irritant properties help heal skin.
Vitamin E	The ultimate protector: This skincare essential aids in healing the skin, boosts UV defense, prevents dryness and works as an antioxidant.
Panthenol (Vitamin B5)	This powerful natural moisturizer, healer and protector otherwise known as vitamin B5 rebuilds the skin's barrier and acts as a shield to irritation.
