WHAT'S INSIDE?	WHAT DOES IT DO?
Blackberry and Blueberry Fruit Puree	What's better: The smell of summer or pores appearing smaller? How about both!
Lactic Acid	Cleopatra's legendary beauty secret was said to be milk baths – and we can see why. AHA naturally found in milk improves skin's texture and tone while keeping it moisturized.
Lime Juice	Put the lime in the coconut and.... minimize pores! This natural astringent and antioxidant is full of vitamin C.
Malic Acid	Apple-derived AHA nourishes, tones and moisturizes skin.
Blueberry Seed Oil	Essential fatty acids and phytonutrients prevent free radical damage and fight signs of premature aging.
Tartaric Acid	You heard it from the grapevine – AHAs derived from grapes assist in skin renewal.
Superfruit Blend	A combination of eight omega-rich fruits that exfoliate and renew skin without over-drying, keeping it fresh and free of cell damage.
