

LEMON LIGHTENING SERUM

Natural lighteners brighten and prevent future discoloration

Watch sunspots, hyperpigmentation, redness and inflammation fade thanks to this serum's lemon and licorice root extracts. Natural hydroquinone alternatives leave you with smooth, calm and bright skin.

SKIN TYPE/CONCERN

- Dry/Dehydrated
- Normal
- Combination
- Oily
- Rosacea
- Dull
- Dark Spots
- Aging
- Preventative Aging
- Clogged Pores
- Sporadic Breakouts
- Frequent Breakouts
- Severe Breakouts

RESULTS

- Decreases skin's tendency for pigmentation
- Helps to reduce the appearance of dark spots or pigmentation
- Reduces redness/inflammation
- Helps to diminish acne lesions
- Leaves complexion appearing more even and bright

HOW TO USE

Apply a pea-sized amount to cleansed and toned face and neck morning and evening to even complexion. When layering serums, begin with the thinnest consistency and finish with the thickest.

WHAT'S INSIDE?	WHAT DOES IT DO?
Hexylresorcinol	Looking for lightening? This is four times more effective than 2% hydroquinone without the side effects, making it super safe for regular use.
Lemon Peel	Cleanse, lighten and brighten while stimulating new skin cells.
Azelaic acid	Battle pore-infecting bacteria with a gentle acid while combating hyperpigmentation with reduced melanin production.
Lightening Potion	Our magic mix contains gooseberry, arbutin, licorice and mulberry – all natural lighteners and brighteners.
Cucumber	Not just for spa selfies, cucumber rejuvenates, firms and soothes the skin with essential nutrients while banishing puffiness.
Dermbrite	This compound inhibits melanin synthesis, controlling melanin formation and letting skin shine bright.
Neem Leaf Extract	Improves skin clarity and brightness while reducing the production of melanin.
Glow Tonic	Our signature blend of aloe vera, hyaluronic acid, vitamins and antioxidants helps fight free radicals radiantly.
