

## MAIN SQUEEZE HYDRATING SERUM

*Thirsty skin gets an enriching, smoothing boost*

*This ultra-hydrating serum is infused with snow mushroom extract and peptides for immediate, super-increased, plumping hydration in just one application.*

### SKIN TYPE/CONCERN

- Dry/Dehydrated
- Normal
- Combination
- Sensitive/Sensitized
- Rosacea
- Dull
- Aging
- Preventative Aging
- Sporadic Breakouts

### RESULTS

- Provides great hydration for all skin types
- Immediately gives skin a plumped feel
- Minimizes the appearance of fine lines and wrinkles
- Provides long term moisture retention without clogging pores
- Leaves skin feeling smooth and silky

### HOW TO USE

Apply 3-4 drops to cleansed and toned face and neck morning and evening to hydrate skin. When layering serums, begin with the thinnest consistency and finish with the thickest.

WHAT'S INSIDE?	WHAT DOES IT DO?
Snow Mushroom Extract	Hyaluronic acid meets its natural match in this magic mushroom. Grown on the snow line of mountains around the world, this super hydrator has been used as complexion perfection for over 2000 years.
Niacinamide	Also known as vitamin B3, this powerful ingredient reduces inflammation and restores the skin's natural barrier to harmful pollutants, making skin look and feel refreshed and revived
Cogan Grass	Grasses native to Asia and India provide long time moisturizing benefits. Get 24 hours of moisture without clogging pores.
Glycosaminoglycans	Builds collagen and increases firmness with long-term moisture retention.
Matrixyl	This wrinkle plumper evens out skin and promotes collagen production, netting a 28% lifting effect and a 31% reduction of wrinkle volume.
Echinacea	This traditional herbal remedy was originally used by Native Americans to treat inflammation and irritation.
Glow Tonic	Our signature blend of aloe vera, hyaluronic acid, vitamins and antioxidants helps fight free radicals radiantly.
