

## QUENCH & PROTECT HYDRATING SPF 30

*Protect and repair skin with SPF 30*

*Sunscreen with all the bells and whistles, including protection from harmful rays, plus moisturizing ingredients and skin soothers in case you forgot to apply it yesterday...*

### SKIN TYPE/CONCERN

- Dry/Dehydrated
- Normal
- Sensitive/Sensitized
- Rosacea
- Aging
- Preventative Aging

### RESULTS

- Leaves skin deeply moisturized
- Excellent makeup base
- Water resistant
- Provides both UVA/UVB protection
- Provides pure physical sun protection

### HOW TO USE

Apply to your cleansed and toned face and neck every morning as a daily moisturizer. Re-apply every 2 hours when exposed to sun or as needed.

| WHAT'S INSIDE?                         | WHAT DOES IT DO?   |
|--|--|
| Zinc Oxide 6%<br>Titanium Dioxide 4.7% | UV-reflecting sun protection that doesn't leave a white residue.   |
| Resveratrol                            | It's found in red wine but you don't need a full glass to calm skin, soften signs of aging and defend against environmental stress.                            |
| Panthenol (Vitamin B5)                 | This powerful natural moisturizer, healer and protector otherwise known as vitamin B5 rebuilds the skin's barrier and acts as a shield to irritation.          |
| Hyaluronic Acid                        | Intense hydration plumps thirsty skin cells by binding water to the skin. Minimized appearance of fine lines and wrinkles thanks to smoothed and plumped skin. |
