WHAT'S INSIDE?	WHAT DOES IT DO?
Pumpkin Extract	Natural AHA gently exfoliates to remove superficial dead skin cells while minimizing the appearance of pores. Vitamins work to heal skin – easy as pie.
Lactic Acid	Cleopatra's legendary beauty secret was said to be milk baths – and we can see why. AHA naturally found in milk improves skin's texture and tone while keeping it moisturized.
Glycerin	Provides long-lasting, intense moisture retention – we're talking weeks, not days.
