WHAT'S INSIDE?	WHAT DOES IT DO?
Kale	This supergreen is a natural detoxifier, packed with omegas to boost skin's hydration and combat sun damage.
Algae	"Sea" a difference with tightening, firming, smoothed fine lines and increased formation of collagen.
Eyeliss Peptide	Feel like a jetsetter when you check those (eye) bags. Look for increased lymphatic circulation, decreased inflammation and improved firmness and elasticity for that bright-eyed look.
Syn-ake Peptide	A not-so-sneaky peptide for collagen renewal that mimics retinol without the same risk of irritation.
Argireline	No appointment needed for this wrinkle-reducer that inhibits the formation of new lines and has a relaxing effect on facial muscles.
Neodermyl	A needle-free alternative to fillers; this ingredient plumps for a firmer, more supple appearance. In just two weeks, deep wrinkles dissipate. A copper-based complex accelerates wound healing and cell regeneration, while stimulating collagen and elastin.
Haloxyl	Dark circles and local inflammation are banished, reducing under-eye circles by 19%.
Apple Stem Cells	An apple stem cell a day preserves skin's existing youthful vibrancy. That's the saying, right?
Bioflavonoids	Found in the membranes or peels of citrus fruits, these boast antioxidant properties that enrich, nourish and moisturize the skin while neutralizing free-radicals.
Glow Tonic	Our signature blend of aloe vera, hyaluronic acid, vitamins and antioxidants helps fight free radicals radiantly.
