

# Anson Mills Worldwide Direct Wholesale Products

## **The Anson Mills Ethic**

Anson Mills is proud to provide America's finest chefs with fresh native stone-ground organic ingredients milled from new crop heirloom grains, legumes, and oil seeds. We cold-mill all ingredients to order, immediately chill vac-pac them, and ship them the same day for maximum flavor retention. We also produce custom-milled and hand-finished products for chefs who wish to employ these ingredients in historic and contemporary dishes.
