# GIFTING *services*

## DESIGN & CURATION

Give us a budget, a little info about the intended recipients and we'll design and curate a gift that is both meaningful and memorable.

## INSERTS & GIFT NOTES

All boxes include an insert card that shares a little about each item and its maker. We customarily include a gift note as well; you provide the sentiment and we see that it is delivered with style. And if needed, our creative services team can provide design assistance for gift tags, collateral and more. Creative services are billed separately.

## ELEVATED CUSTOMIZATION

We can incorporate your branded elements into the gifting suite in a way that feels fresh, tasteful and appropriate. Share your products and ideas. We'll curate accordingly.

## PACKING, SHIPPING, DELIVERY

We manage the details — procurement, quality control, packing, fulfillment and shipping. You provide the address list and we'll do the rest. We'll even provide package tracking numbers so that your team (and ours) can see that everything arrives when and where it should.

# CORPORATE *gifting*

## EXTERNAL

End the year on a high note with your most important relationships.

- Celebrate valuable clients
- Thank vendors
- Shower a whole team with a gift that wows

## THE ARTISAN AND ICONIC

Gifting isn't just about the gesture, at least not for us. It's about the care taken to select a gift that expresses a special sentiment. When you gift with WiscoBoxes, you are also gifting items crafted by Wisconsin's best makers. Every item in the box — including the beautiful box — is made with pride, in Wisconsin. That means you're sharing the best of the great Badger State and supporting its ingenious and industrious, creative and caring artisan and iconic growers, producers and manufacturers. The following pages showcase some of our favorites, curated especially for the holiday season.
