

BURLAP AND LACE NOTECARDS

By Carla Beasley

SAMPLES

These cards are made from items I had on hand.

CARD BASE

I used "Hair Bow Display Cards." You may find them in a craft store, or you can order them from Amazon (Kraft Brown Paper Hair-Bow Display Cards Large - 50 Cards).

If you make your own, use a medium-weight cardboard, such as a paper plate, a magazine board, or poster board. You can either sew through them or use glue. Template is at the end.

Size is 4" x 5".

BURLAP AND WORDS

Cut a piece of burlap about 3.5" square. Stitch.

For the words, follow directions from online sources for printing on fabric. I used a sheer muslin and let the edges fray.

Or handwrite words with permanent markers or paint.

Cut out words, stitch over burlap.

At the end is the list of words I used for printing. Font is Word's French Script MT, size 48.

You now have your base.

USE YOUR STASH!

Sew lace or ribbon across the card.

Now add anything! Possibilities:

- Printed or plain ribbon
- Bows
- Buttons
- Fabric scraps
- Lace
- Bias binding or Hem Tape
- Charms
- Rick Rack

Be sure to attach everything securely.

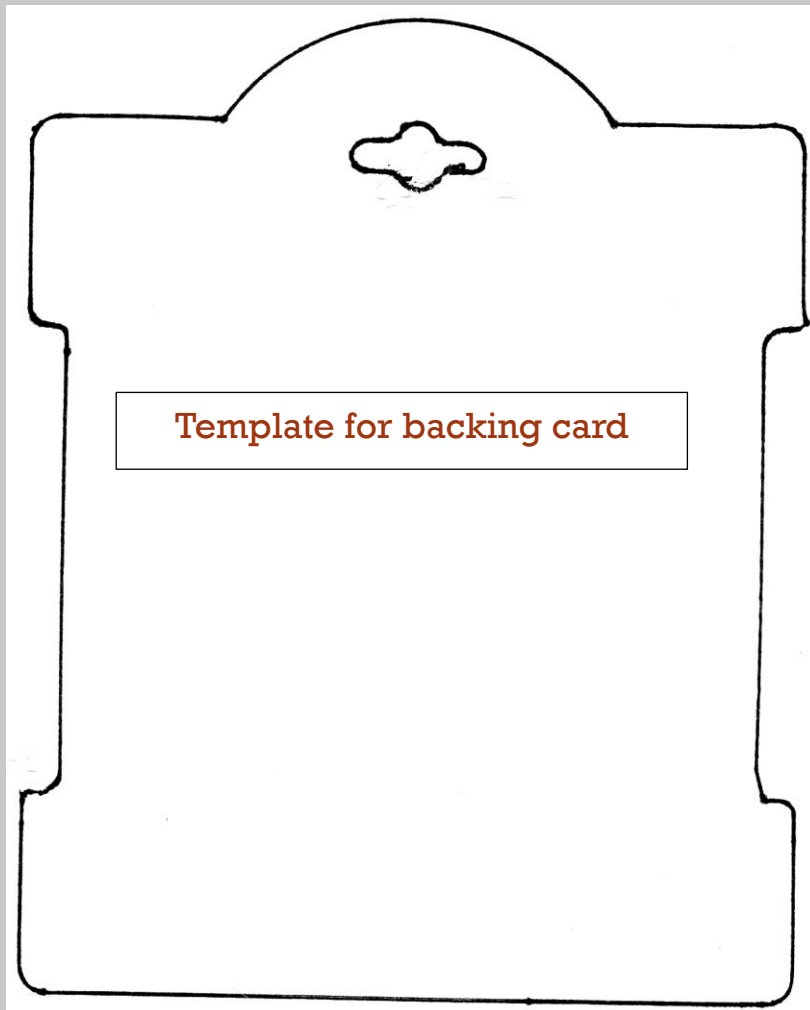

WRITE A MESSAGE

On the back, write a short message or Bible verse to the girl receiving your purse. You can also adhere a plain label to print or write on.

Optional: Add stickers.

That's it! It's ready to put in the front pocket of your purse.
