**Model:** BP810

**Product:** Passenger semi auto swing arm tyre changer

**Description:** The ideal machine for a small workshop or service station. The BP810 is a semi-automatic tyre machine equipped with a sideways rotating mounting arm, allowing the machine to be placed in small spaces. The machine is robust and suitable for standard wheels from 10" to 23" inches. This powerful tyre changer handles everything from simple standard steel wheels to large delicate custom alloy wheels. The control pedals have a stop-move function that can stop the chuck jaws at any position to easily tighten the rim. It can also be equipped with a motorcycle adapter kit for the mounting/demounting of motorcycle tyres.
