

Clock Face Top -

Document needs to be built at 5" x 36" with 1/8" bleed.

The viewable space is 4" x 36" in the center, as the top and bottom each have a 1/2" of safety to account for the lip of the frame.

Files should be provided at 100% size, at 300 dpi resolution, as Print ready PDFs or in native form, collected with all fonts and art elements included.

Clock Face Bottom -

Document needs to be built at 11" x 36" with 1/8" bleed.

The viewable space is 10" x 36" in the center, as the top and bottom each have a 1/2" of safety to account for the lip of the frame.

Files should be provided at 100% size, at 300 dpi resolution, as Print ready PDFs or in native form, collected with all fonts and art elements included.
