# CORVETTE C6 CONCEPT SIDE MIRRORS

**PART #3901 (or #3902 with XM antenna)**

The ORACLE C6 Corvette Concept Side Mirrors feature an impressive *aerodynamic design* for a sleeker & more aggressive look on your C6. The integrated LEDs inside the mirrors can be used as both turn signals and parking lights. An aspherical mirror is added for a wider field of view, so no visibility is compromised. The ORACLE mirrors even include heated glass and XM antennas (optional). These are Plug & Play design and connect into the factory harness to allow for full control over the mirror adjusters.

**PAINT TO MATCH OPTION:**

The mirrors can be ordered painted any factory GM color code.
