

ORACLE PREMIUM HEADLIGHT SEALANT ADHESIVES

**PART #
2001-504**

Introducing ORACLE's new Premium Headlight Sealant, the first commercially available sealant specifically for automotive headlight sealing applications. The ORACLE Adhesive line will feature adhesive products to help with the ease of installation for technicians installing ORACLE Lighting products. The Premium Headlight Sealant is a specifically formulated RTV (Room-Temperature-Vulcanizing) Waterproof Silicone Sealant designed for use in reassembling automotive lamp housings. The sealant has a tack time of 30 minutes and cures in 3 hours, 6 hours is recommended to insure a full cure.
