## PRODUCT

## LICHTING TECHNOLOGY

This High-Output LED drainplug is not only EASY to install but it also produces a bright 765 Lumen light output and has a 30,000 hour lifespan. With a power draw of LESS than 1 Amp this light can easily be tied into your existing courtesy lights, eliminating complicated wiring. To install simply twist the plug into a standard 1/2" drain plug hole. Best of all, this product is backed by our 2 Year Free Replacement WARRANTY and knowledgeable staff support.

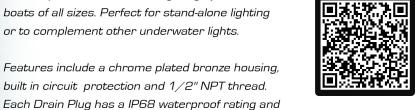

and inexpensive underwater lighting system for

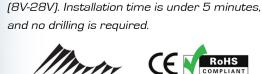

an over/under protected waterproof connection
