ORACLE[®] MARINE SERIES

LIGHTING TECHNOLOGY

PERFORMANCE

LED LIGHTING

ORACLE Marine LED Trim Tab lights provide incredible light output in a compact, cost-effective package. These do not require any large holes or compromises to the hull. These bright high-intensity Trim Tab Lights are designed for boat owners that want to dramatically illuminate the wake behind their boat with minimal power draw. Engineered to be durable and reliable, both styles are constructed of 316 Stainless Steel and rated IP68 waterproof level. Installation requires only a small 3/16" hole through the transom above the water-line for the routing the 18AWG power cable. Products are covered by a 2-Year Replacement Warranty.

part number
2904
RETAIL: \$449.95 (PAIR)

INSTALLATION
INSTRUCTIONS

12V DC +/- 15%

Specifications:

- Power: 2x9W LEDs Each
- Weight: 2 lbs
- 3,060 Total Lumen Output
- Available Colors: White or Blue
- Dimensions: 4" x 9" x 2.5"
- 316 Stainless Steel Construction
- Built-in Circuit Protection
- Waterproof Rating: IP68
- Operating Voltage: 10V-13.5V
- Lifetime: 30,000 hrs

part number
2905
RETAIL: \$229.95 (PAIR)

INSTALLATION
INSTRUCTIONS

12V DC +/- 15%

Specifications:

- Power: 1x9W LED Each
- Weight: 15 oz
- 1,530 Total Lumen Output
- Available Colors: White or Blue
- Dimensions: 4.2" x 3.5" x 1.2"
- 316 Stainless Steel Construction
- Built-in Circuit Protection
- Waterproof Rating: IP68
- Operating Voltage: 10V-13.5V
- Lifetime: 30,000 hrs

Drill two mounting holes in the tab.

Mount light using stainless bolts.

Connect light to 12V power source.
