LIGHTING TECHNOLOGY

Omni-Directional SMD Strobe

LED LIGHTING FOR EMERGENCY VEHICLES AND FIRST RESPONDERS

Only 7/8" in height, the ORACLE SMD Omni-Directional Emergency Strobe is designed for applications where size and intensity are important. This makes these perfect for installation inside of headlights and tail lights. Sleek and self-contained, this unit requires only a one inch hole in any style head light, cornering light or tail light assembly. Waterproof design allows the option to be mounted to the outside of a vehicle.

4 LED Version MSRP: \$74⁹⁵
9 LED Version MSRP: \$84⁹⁵
