

Finally a complete High-Powered LED Fog Light Housing replacement for Late Model Jeep, Dodge, and Chrysler vehicle applications. This direct-fit fog light features plug-and-play wiring for easy installation. These amazing LED units push out 3000 raw lumens which is guaranteed to light up the night on road or off road! These rugged design can operate in the worst possible conditions. Each light utilizes a rugged Polycarbonate lamp housing to withstand impact and a Solid-State luminaire design for vibration resistance. The epoxy-sealed electronics avoid moisture and corrosion. Perfect for the off-road adventurer who wants to cover new ground on the trail that never ends.
