

# 2015 FORD F-150 LED LIGHTING SOLUTIONS

## F150 COLORSHIFT DRL

This new kit allows you to utilize the existing Amber halight perimeter DRL feature on the new Ford F150 Quad Beam LED Headlights and convert it to a Color-Changing DRL. This ColorSHIFT® DRL Replacement is controlled by one of our remote systems to produce any color the user wishes. Depending on the controller option selected; the lights can make hundreds of different colors, dozens of patterns, control the brightness, and even the speed of the functions as well!
