OUR STORY

Todd Martin fell in love with tamales around the same time he fell in love with his wife. After one fortuitous day of making tamales with Sherry's family, Todd decided two things—he needed to marry Sherry, and he needed to make tamales.

The couple opened Tucson Tamale in 2008 to create delicious and healthy food, celebrating tradition with premium ingredients and fun flavor combinations. Every tamale we make is hand-made with love, from our Tucson kitchen to yours.
