

enummi® Toothpaste

A brighter healthier smile

- Gently cleanses without harsh, abrasive agents
- Dissolves food film for a clean, bright smile
- Freshens breath

What is enummi® Toothpaste?

Choosing a toothpaste means more than picking your favorite flavor. To receive the most out of your toothpaste, make the choice for a formula that offers more than a simple scrub. enummi® Toothpaste supports oral health with ingredients that promote clean teeth, for a whiter, brighter smile. Its gentle, fluoride-free formula cleans teeth without harsh, abrasive agents and freshens your breath with a great-tasting, refreshing mint flavor.

PRIMARY SUPPORT

Oral care

Did You Know?

That most people don't brush their teeth long enough each day? Experts recommend brushing for two to three minutes each time you brush your teeth. Don't forget to change your toothbrush too! The American Dental Association recommends a new brush every three or four months, or even sooner if the bristles look frayed.

Recommended Use:

Apply a small amount of paste to toothbrush and brush thoroughly two or more times daily or after each meal.

INGREDIENTS: Sorbitol, Hydrated Silica, Purified Water, Glycerin, Calcium Carbonate, Flavors, Sodium Lauroyl Sarcosinate, Sodium Bicarbonate, Xylitol, Transfer Factor E-XF, Lactoferrin, Carboxymethylcellulose, Titanium Dioxide, CoEnzyme Q10, Stevia, Sodium Benzoate
