

4Life Transfer Factor® GluCoach®

Healthy balance

- Supports the body's ability to metabolize glucose and maintain healthy sugar levels
- Features Targeted Transfer Factor® technology
- Provides antioxidant support

What is 4Life Transfer Factor GluCoach?

4Life Transfer Factor® GluCoach® is formulated to promote healthy glucose levels in the body and provide support to both the metabolic and endocrine systems. Enriched with Targeted Transfer Factor and a proprietary blend of healthful ingredients, it supports your body's ability to metabolize glucose, which helps maintain healthy sugar levels.

Did you know?

Targeted Transfer Factor products utilize the power of transfer factors and additional ingredients that are targeted to directly benefit specific systems of your body.

PRIMARY SUPPORT:

Body Glucose Balance

SECONDARY SUPPORT:

Immune
Antioxidant

Key features

- Features Targeted Transfer Factor technology to provide focused support for healthy sugar levels in the body
- Includes a proprietary blend of *Pterocarpus marsupium*, *Gymnema sylvestre*, Fenugreek seed extract, *Momordica charantia* fruit extract, and Korean ginseng to support healthy pancreatic function and glucose balance
- Contains transfer factors (immune messenger molecules) that help educate immune cells and promote the immune system's ability to more effectively recognize, respond to, and remember potential health threats
- Ensures exclusivity with protective United States patents: 6,468,534 (extraction process for transfer factors from chicken egg yolk) and 6,866,868 (combination process of transfer factors from cow colostrum and chicken egg yolk)

DIRECTIONS: Take four (4) to six (6) capsules daily with 8 oz of fluid.
