No. 11 Sea Klenz with Phytoenzymes is an exclusive scientific formulation consisting of both soluble and insoluble fiber sources. This formula contains Plantago Ovata Blond (Psyllium Seed Husks), a soluble fiber that may promote intestinal health by normalizing the bowel and accelerating the passage of material through the large intestine. The combination of Apple Fiber, Prune Powder, Rice and Oat Bran make this product the one you can rely on to work gently with your system. Dietary fiber has also been shown to have a positive effect on serum lipid levels. Soluble fiber (Psyllium Seed Husks) may reduce coronary heart disease risk. When taken before a meal, No. 11 can help satiate the appetite. The addition of Digestive Enzymes from plant sources makes this even more effective. The Wachters' Exclusive Blend of Sea Vegetation® is the key ingredient that makes this formula unique. *
