

ELASTOMERIC STUCCO & WALL COATING

Contractor Tested & Recommended

Contractors from every region of the U.S., tell us over and over how superior our elastomeric coatings are to others on the market. Perhaps that is because ShurStik® is committed to manufacture our coatings by blending the latest scientifically advanced ingredients and specifically designed to withstand the severe conditions of all climates. When you can realize one-coat coverage, no sagging, smooth spraying formulas, low & semi gloss finishes, your choice of tint bases and excellent perms, all in a value-packed elastomeric coating.....then you too, will understand why contractors, small and large, are choosing ShurStik® Elastomeric Stucco & Wall Coatings. Maybe one day we'll hear from you, like we have from Draeger Construction:

"..... Each time we used ShurStik® Elastomeric Coatings, the application went faster, covered quickly and hid hairline cracks. We spec ShurStik® because of the quality & dependability of their product."

Clubhouse exteriors repaired and recoated using Shur-Stik® WC-200 light tint base.

Condominium complex exteriors repaired and recoated using Shur-Stik® WC-200 light tint base.

ELASTOMERIC STUCCO & WALL COATINGS

WC-300 LOW SHEEN EXTERIOR SMOOTH

is our premium paint/coating that is designed to seal and provide maximum protection to vertical wall surfaces. This modified acrylic formula provides a highly elastic and durable seal that protects a variety of vertical surfaces. The finished coating provides a long term pleasing finish that you can count on to stand up to the

exterior elements. Because it is elastic, it will bridge minor cracks, and help prevent new ones from developing. It is ideally suited for use on old or new stucco, concrete, block walls, other masonry surfaces, aluminum, galvanized steel, ferrous steel and hardwood siding. Cleans up with soap and water.

PRODUCT CODE	FINISH	COLOR	SIZE
5101-1-30	Low Sheen	WHITE	5 gal.
5102-1-30	Low Sheen	LIGHT TINT	5 gal.
5103-1-30	Low Sheen	MEDIUM TINT	5 gal.
5104-1-30	Low Sheen	DEEP TINT	5 gal.
