GOOD VALUE
Worth a try

Your chance for a *Roadshow* moment

Remember the shock on the face of Ozzy the Owl's owner when the *Antiques Roadshow* valued him at more than £20,000? Until then she'd used him as a vase. Now the show's asking us to unearth possessions to take along to recordings of the new series (see below). You never know, you too could be in for a surprise. SP
