

Lisa London
The Accountant Beside You

Lisa London has three decades of experience helping small business owners, churches, NPOs and others to navigate the pitfalls and landmines of their accounting. She has created a unique process and accounting blueprint to help them successfully navigate their bookkeeping requirements, which leads to higher profitability and more efficient time management.

As a respected professional and QuickBooks ProAdvisor, **Lisa London** has worked in both public and private accounting as an auditor, a **Fortune 500** level director of finance, and a small business consultant. Lisa is a CPA that makes complex accounting easier for those without an accounting background.

- Lisa Speaks for:**
- Conferences & Workshops
