EYE CREAM

A radiant gaze, who wouldn't want that?

Our Hydra-Age Eye Cream hydrates, strengthens, and protects the delicate skin around the eyes. Moreover, we've specially formulated the eye gel to address dark circles and puffiness instantly, providing a delightful sensation on the skin.

The lightweight gel texture, enriched with algae extracts, moisturizes the delicate skin around the eyes. This helps visibly reduce dry lines and proactively combat skin aging. Additionally, the cream enhances the resilience of the thin and sensitive skin, protecting it throughout the day from external aggressors like pollution, heating, and other drying elements. We haven't added any fragrance to prevent skin irritation. Furthermore, we've incorporated the most effective and proven ingredient, caffeine. Caffeine in cosmetics is the key ingredient to address puffiness and dark circles.

Our eye cream offers multiple benefits:

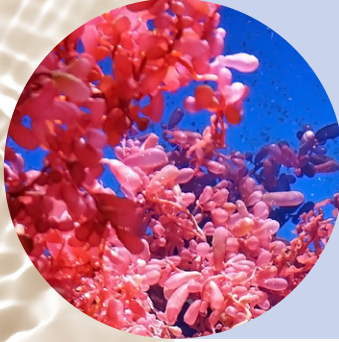

- Caffeine helps with puffiness and dark circles
- Red Algae Extract provides extra hydration throughout the day
- Restores moisture balance and evens out the skin
- Fights against skin aging and restores skin balance
- Protects the skin from external influences

Rio Cosmetics was developed by Samantha Smits.

As a nature health entrepreneur, she knows one thing for sure: plants have power. However, after years of research and hands-on experience, she realized that plant power alone isn't enough for optimal skin health. That's why she sought the best of both worlds and found it in Switzerland. Carefree skincare that works and feels luxuriously delightful, allowing you to enjoy without harming people, animals, or nature.
