FACE MASK

A wonderfully refreshing and invigorating face mask!

Your skin deserves a break from the everyday stresses. Our hydra-age face mask is specifically designed as a true "moisture booster." After just 5 minutes, you'll notice how effective this mask is. Hyaluronic acid ensures that moisture is retained in your skin, making it more elastic and beautifully hydrated. Combined with added grape extract and Panthenol, the mask also provides an immediate soothing effect on the skin and helps combat redness.

Our face mask has a dual action:

Hydration boost
Skin restoration & soothing

Best of both worlds:

In addition to natural ingredients, the face mask contains a key natural ingredient in the cosmetic world: hyaluronic acid.

Our face mask offers multiple benefits:

- Visible and tangible results after just 5 minutes of use
- Maintains the skin's moisture balance
- Reduces wrinkles
- Enhances skin elasticity and hydration
- Restores & soothes the skin while combating redness

Hyaluronic Acid

The king of moisturizing agents, completely compatible with your skin. It leaves your skin looking and feeling smoother, more elastic, and hydrated.

Grape Extract

The active ingredient from grapes is perfect for anti-aging and also has anti-inflammatory properties.

Panthenol

Naturally derived from plant sources, it's a multifunctional and highly effective moisturizer based on vitamin B5. It also stimulates skin cell renewal.

Directions for Use:

Cleanse the skin and remove makeup (tip: use our super gentle cleanser). Apply the mask using a spatula, mask brush, or your fingertips. The mask can even be gently applied around the eyes. Leave the mask on for 10 minutes while you enjoy a moment of relaxation. Rinse off the mask with lukewarm water afterward. The mask may have a tingling effect, indicating its moisturizing properties. Additionally, the mask can be used as an overnight mask. Apply it before bedtime and wash it off with lukewarm water the next morning. For optimal results, use the mask 1 to 2 times a week.
