## NIGHT CREAM

Did you know that our skin gets a real workout at night?

Compared to the rest of our body, the skin is actually most active during the night. Good nighttime skincare is essential to provide the skin with the nutrients it needs to restore itself to optimal condition during the night. This ensures that your skin can tackle the day with as much energy as you do!

This wonderfully scented cream contains nurturing shea butter, derived from the seeds of the Karité tree's fruit, rich in vitamins A and E. These vitamins also repair the skin damage accumulated during the day.

By forming a lipid barrier on the skin, this cream retains moisture. This leads to a softer stratum corneum and an improved skin barrier function.

Moreover, nighttime is the best time to counteract skin aging. That's why our night cream includes a blend of true anti-aging boosters, such as natural Bio Retinol extract (Bidens Pilosa extract) to reduce lines, firm the skin's contours, and effectively slow down the aging process.

Our night cream offers multiple benefits:

- Restores skin's moisture balance
- Stimulates collagen production
- Skin-healing effect of shea butter
- Genuine anti-aging booster
- Reduces lines & firms the skin's contour
- Combats skin aging

## Bidens Pilosa

Natural variant of Retinol, stimulates new cell production, and promotes elastic and smooth skin.

## Shea Butter

Derived from the seeds of the Karité tree's fruit. It's incredibly rich in vitamins A and E, which help repair skin damage. It also has anti-inflammatory properties for your skin.

## Rio Cosmetics was developed by Samantha Smits.

As a nature health entrepreneur, she knows one thing for sure: plants have power. However, after years of research and hands-on experience, she realized that plant power alone isn't enough for optimal skin health. That's why she sought the best of both worlds and found it in Switzerland. Carefree skincare that works and feels luxuriously delightful, allowing you to enjoy without harming people, animals, or nature.
