- Key Detector

KX-TG954XB Series

Link2Cell

2-Line Bluetooth® Cellular Convergence Solution

Panasonic

Consolidate your smartphone and landline into one device

There's no need to carry your smartphone around the house anymore. Or miss calls and texts sent to your cell at home. With Link2Cell you can easily sync your smartphone with your cordless system to integrate your cell phone and landline into one practical, highly convenient device.

HOW LINK2CELL WORKS

Simply charge your cellphone through the USB port on the KX-TG954XB cordless base unit to sync the two via Bluetooth®. In no time, you're ready make and receive calls and text alerts from your cell or smartphone using the handset in your office, and handsets throughout the house.

2-Line Link2Cell

With 2 landlines and bluetooth connectivity to link up to 4 cell phones, you can use up to 3 lines for conversation at the same time.

USB Charging Port

No convenient electrical outlet for charging your cell or smartphone? No problem. The KX-TG954XB Series features a convenient USB charging port.

Stay connected during power outages

Keeping in touch during power emergencies is easy with the handset's two batteries to power the base unit. Enough for up to 75 minutes of standby or about 65 minutes of conversation.

Tilting 3.4-inch LCD display

Easily read phone numbers, text alerts and more with large, high-contrast display.

Key Detector

Attach the key detector to your car key ring or other easily misplaced items and you'll never lose them again. Using any of your telephone handsets, you can activate the key detector's beeping alarm to quickly track down lost keys from up to 200 yards away

Large 2-inch diameter speakerphone

Whether it's an informal one-to-one conversation to an important call-in conference to a room full of people, you'll hear—and be heard—loud and clear with this high-quality speakerphone.
