(Included)

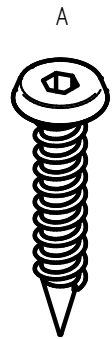

Cordless Drill

Hardware Included

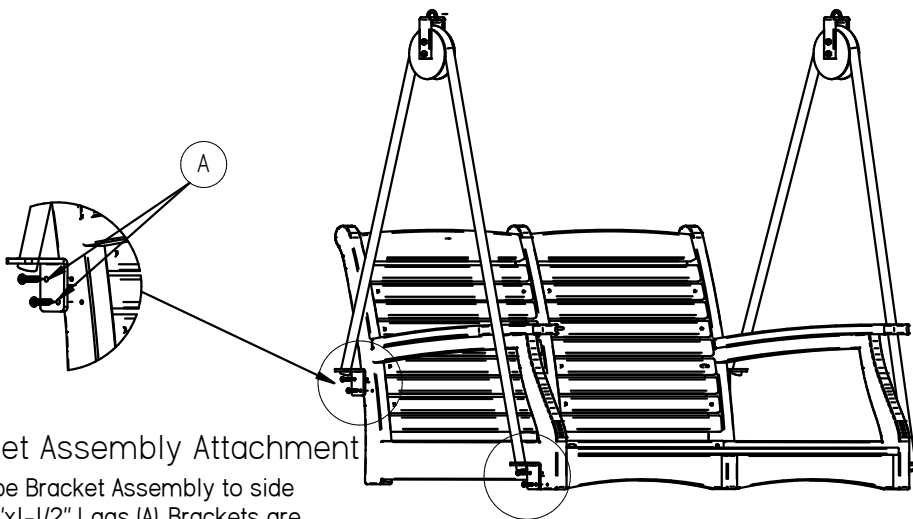

44" S.S. Chain
Qty.- 2

1/4"x1-1/2" Lag
Qty.- 8

Step I- Rope Bracket Assembly Attachment

Rope Bracket Assembly Attachment

Fasten Rope Bracket Assembly to side with 2- 1/4"x1-1/2" Lags (A). Brackets are placed with holes at predrilled locations. Repeat on other side. *NOTE: Rope is pre assembled. Shorter length of rope is to be towards back of swing. Do not loosen rope knots to fasten brackets!*

If swing is completely attached and is not tilted correctly loosen above blocks slightly and tilt swing then retighten blocks. If mounting swing to higher than 68" use included extra chain for added length.
