

our info sheet for... Foaming Oven Cleaner

DELPHIS
eco
PROFESSIONAL CLEANING

Our Foaming Oven Cleaner is safe to use on all surfaces including stainless steel. Its high foaming, rapid action removes burnt on food, fat and grease from ovens, grills and griddles. The foaming trigger head must be ordered separately.

Benefits

- ✓ **Free from:** Ammonia, Petroleum Solvent, Sodium Hydroxide, Chlorine Bleaches, Formaldehyde, VOC's, APE's.
- ✓ Domestic and commercial use
- ✓ High foaming
- ✓ Rapid action
- ✓ Caustic free
- ✓ Fume free
- ✓ Reduced use of hazardous substances
- ✓ Phosphate and phosphonate free
- ✓ Safe in septic tanks if used as directed
- ✓ Readily biodegradable
- ✓ Not tested on animals

Application and Directions

Directions: Remove loose carbon with a scraper. Warm oven to between 40°C - 60°C. Switch off oven before application. Spray directly onto surface, leave for minimum 5 minutes contact time and wipe clean. For heavy burnt on carbon leave to stand for longer periods.

If attaching remote trigger head and hose: Unscrew container cap. Place hose inside container and push hose stopper into the container neck until secure. Adjust nozzle on trigger head to suit foam application. Once finished, pull stopper out of neck and secure cap to container.

Proper dosage saves cost and minimises environmental impact: Delphis Eco encourage proper dosage and users to reduce waste going to land fill by recycling empty bottles.

Areas of Usage

- Ovens
- Roasting dishes
- Grills and griddles
- Baking trays
