

## our info sheet for...

# Bio Fizzy Tablets

Our Bio Fizzy Tablets are a powerful enzyme treatment for fat traps, drain lines, toilets and septic tanks. They release millions of beneficial bacteria to speed up the biodegradation of fats, oils, greases and other organic waste to eliminate blockages, smells and reduce pumping.

### Benefits

- ✓ Digest grease and other wastes
- ✓ Keeps drain lines free flowing
- ✓ Helps protect drain fields
- ✓ Unblocks drains
- ✓ Stops Smells
- ✓ Safe for all plumbing
- ✓ Enzyme producing bacteria
- ✓ Reduced use of hazardous substances
- ✓ Phosphate and phosphonate free
- ✓ Safe in septic tanks if used as directed
- ✓ Readily biodegradable
- ✓ Not tested on animals

### Application and Directions

**Fat traps and drain line maintenance:** Dissolve one tablet into a sink or bucket with 4-5 litres of tepid water. Remove the sink plug or pour the solution evenly into all drain lines. Repeat monthly.

**Toilets and septic tank maintenance:** Dissolve one tablet into a toilet bowl and flush. Use one tablet per month for each tank capacity of 4,500 litres.

**NB:** Do not use with anti-bacterial products and cleaners.

**Proper dosage saves cost and minimises environmental impact:** Delphis Eco encourage proper dosage and users to reduce waste going to land fill by recycling empty bottles.

### Safe Handling and Storage

Full guidance on the handling and safe storage of the product can be obtained from the safety data sheet including first aid measures and health and safety requirements.

### Areas of Usage

Anywhere blockages are a problem or could occur, such as:

- Pipe lines
- Drain lines
- Toilets
- septic tank systems

### Bacteria Count

<b>Total count:</b>	9.80 x 10 <sup>7</sup> cfu/g
<b>Spore count:</b>	1.59 x 10 <sup>7</sup> cfu/g
<b>Gram-negative count:</b>	Not detected

The bacteria in our fizzy tablets produce amylase, cellulase, lipase and protease. These are all essential enzymes for the degradation of organic matter. They do not contain any free enzymes.

### Technical Data

Figures are typical values and should not be used as specifications

<b>Appearance:</b>	Solid
<b>Colour:</b>	Blue
<b>Water Solubility:</b>	Partially miscible
<b>Viscosity:</b>	Viscous
<b>Relative density:</b>	1.04g/3cm (20°C)
<b>pH:</b>	<2 at 100 grams per litre

### Supplier Information

<b>Product Name:</b>	Bio Fizzy Tablets
<b>Product Code:</b>	SEP020 (20 tablets per tube)

<b>Supplier:</b>	Delphis Eco, Sustainable Workspaces 25 Lavington Street, London SE1 0NZ <b>t:</b> 0203 397 0096 <b>e:</b> sales@delphiseco.com <b>www.delphiseco.com</b>
