# BIBLE VERSE

## Finger Puzzle

Memorizing and studying the verses of the Bible is hard enough for adults - can you imagine for children? This is an excellent way for them to have fun and to learn the scriptures. I shared this with the Sunday school teachers and they love it, thank you.

## BIBLE MEMORY CRAFTS Set 2

10 Crafts for ANY Verse

# 3-D Bible Verse Star

**Difficulty Level:** ☆☆☆

Kids will need to be able to use scissors, follow basic folding instructions, and use glue.

## Materials Needed:

- One copy of the star page for each child
- Scissors
- Crayons or markers
- Glue or Tape

**Before Copying:** Write the Bible verse in the stars, dividing the verse between the four blank stars. Write the reference in the frame the boy figure is holding. If your kids are older, have them write the verse themselves on their own copies.

**Instructions:** Have kids color the stars, if desired.

Cut the stars out along the solid exterior lines. Fold each star in half vertically, as shown at right.

Take the star with the first words of the verse. Glue or tape the right back half of the star to the left back half of the star with the next words of the verse. Then, glue or tape the right back half of the second star to the left back half of the third star. Repeat, ending with the reference star. Finally glue or tape the right back half of the reference star to the left back half of the first star to complete the star.

**Additional Idea:** Have each student in a classroom make one star. Then, tape the stars to a long piece of string or ribbon to make a class garland.
