

## How to Make Pipe Cleaner Abacus Bracelets

Materials Needed:

- 1 pipe cleaner
- large beads

**Steps:**

1. Choose your color scheme.

2. Thread the beads onto the pipe cleaner.

**3.** Wrap the beaded pipe cleaner around your wrist and twist the ends together.

**4.** Tuck each end into the beads to neaten off.

5. When counting the frequency of a behavior, you will move one bead to the other side of the bracelet. At the end of the class or lesson, you can record the total instances of the target behavior.
