Proven Technology, Maximum Performance.

Features & Benefits

Fast Pump Removal

- ▶ 1-minute jobsite replacement
- ▶ Keeps you spraying instead of waiting for service
- ▶ No pins or parts to lose!

Loosen the clamping nut

Open door and remove pump

Remove hose and suction tube

- 1 ProConnect™ Pump Replacement System**
Quickly and easily exchange the pump for a replacement. Replace pump in 3 simple steps. Keeps the sprayer in service by avoiding costly downtime.
- 2 Proven Endurance™ Pump**
Long-life V-Max™ packings, Chromex™ rod and hardened stainless steel cylinder equates to less downtime. QuikAccess™ intake valve to easily clean or clear debris—keeps the customer spraying.
- 3 Suction Set** inlet suction hose easily reaches paint buckets or cans.
- 4 Pressure Control** allows for easy adjustment of spray pressure for a wide variety of coatings.
- 5 QuikAccess** intake valve requires only a hammer to access the intake ball to easily clean or clean debris.

JetRoller

- ▶ Combines rolling and spraying into one action
- ▶ In-line Valve eliminates dipping - up to 2x faster than standard rolling
- ▶ CleanShot™ Shut-Off Valve eliminates spits and drips
- ▶ Very low overspray means less area preparation
- ▶ Uses industry standard roller covers and extensions

*Roller cover not included
