

Processing Factory 2IC (Night Shift)

Akaroa Salmon is a vertically integrated company, controlling salmon production, processing, and product distribution. In 2018 we produced and processed approximately 600 tonne of salmon.

Our processing factory in Christchurch operates a day shift and a night shift, processing and packing fresh chilled raw and smoked salmon products ready for distribution throughout New Zealand and overseas.

We are looking for a suitably experienced, motivated, and energetic person to fill the role of Night Shift 2IC; operating Sunday to Thursday, 8pm to 5am.

Broad based responsibilities would include –

- Overseeing personnel
- Filling customer orders
- Quality Control
- Meeting freight and distribution dead-lines
- Overseeing the smooth and efficient running of the factory
- Ordering of consumables
- Supporting the Factory Manager in their role
- Managing the over-all factory operation when required

Qualifications would include –

- Minimum National Standards Level 3 Seafood Processing
- HCCAP MPI certification
- First Aid certification
- Export E-Cert and auto approval MPI qualified

An hourly pay rate is negotiable based on experience and qualifications required to fill the role and would include over-time.
