

Electric mortise lock instructions

Main characteristics:

Working voltage: 12/24V(Adjustable time delay)

Red-Power supply(+) White-COM

Black-Power ground(-) Yellow-NC

Working current: Start state 1.2A

Persistent state 200mA

Coil type: Continuous working

Security type: Electric power lock, unlock

Lock core: The diameter of 12.5MM stainless

core, extending the length of 15MM

Locking mode: Magnetic induction
