

How to Wear?

- Please check the circumference around your knee cap is between 318 to 406 mm when measured with your leg straight before ordering.
- Sit in a comfortable position and keep your leg straight
- Position the support over the knee keeping the longest strap (branded with Oppo logo) on the thigh side
- Secure the shorter middle strap behind the knee first checking for compression and comfort
- Next, secure the upper and lower straps around the top and bottom of knee
- Recheck for compression as well as flexibility

P.S.: Kindly consult your Physician or Orthopaedic Specialist before using this product
