

How to Use?

- Identify your working space
- Place the book or reading material near the edge of the table
- Hold the sliding panel above the spring with your thumb
- Turn the open face of the unit towards the table
- Press the adjustment panel sufficiently to ensure the gap between the top and panel is adequate to slide on without disturbing/harming the

- Push the clamp forward so that it's flush settled along the table edge
- Release the Adjustment Panel
- To flip pages, simply press the panel, withdraw the clamp and reapply
- Once done, please remove and release the spring.

REMEMBER

- This unit is not made to carry weight or exert pressure - so please do not use it for these purposes.

- It can be cleaned with a damp cloth. Not to be washed with soap/abrasive detergents
