

## How to Use?

- Hold the thread nipper in your dominant hand
- Insert your ring finger into the finger loop
- Now use your thumb and index finger to apply pressure to close the nipper
- The nipper automatically reopens due to spring tension
- Use it to snip threads or clip yarn ends while working

### REMEMBER

- Keep away from children
- Avoid exposure to moisture in order to protect from rusting
- Clean fibers from the blade regularly with a dry old toothbrush
