

How to Use

- **Saregama Mode:**

- Press Saregama mode on Carvaan/remote
- Press the category button of your choice on Carvaan/remote
- To switch to the previous/next music station within a category, turn the station selector left/right on Carvaan or press < or > on the remote
- For switching to the previous/next song, press the |< or >| buttons on Carvaan/Remote

- **Bluetooth Mode:**

- Press Bluetooth mode on Carvaan/remote
- Turn on Bluetooth mode on your personal device (mobile phone, tablet etc.) and pair your device with "Saregama Carvaan"
- Ensure the display panel shows 'BT DEVICE PAIRED'

- **USB Mode:**

- Plug your USB drive into the USB port on Carvaan and press USB mode on Carvaan/remote
- To move across folders on your USB drive, turn the station selector left/right on Carvaan or press < or > on the remote
- To change the song, press the |< or >| buttons on Carvaan/remote

- **FM mode:**

- Press FM mode on Carvaan/remote. The first available FM channel will automatically start playing
- Press |< >| buttons on Carvaan/remote to switch between FM Channels; Use the station selector on Carvaan for manual tuning

REMEMBER

- In Bluetooth mode, streaming music from Carvaan in your personal devices is disabled
- Ensure safe handling of Carvaan during transportation

- Unplug the unit during lightning, storms or when not in use
- It is recommended to preferably use the charger provided with Carvaan only. Only use attachments/accessories as specified by the manufacturer
