For more details on using the Saregama Carvaan Mini: M.S. Subbulakshmi and accessing all the features, carefully read the user manual available for download below

REMEMBER

- The Carvaan Mini supports only USB 2.0 devices with storage space less than 32 GB. Songs in MP3 format only can be played. Songs cannot be played from your phone/laptop using an USB connector
- In Bluetooth mode, streaming music from Carvaan in your personal devices is disabled. Support for Bluetooth version 4.1
- Ensure safe handling of Carvaan Mini during transportation
- Unplug the unit during lightning, storms or when not in use
- It is recommended to preferably use the charger provided with Carvaan only. Only use attachments/accessories as specified by the manufacturer
