SPRING / SUMMER 2024

Building upon what the previous collection started, TOMCSANYI delves deeper into the realm of national identity and cultural heritage, exploring innovative ways to translate these elements into modern clothing.

Inspired by the iconic “Miskakancsó” jug, renowned for its hussar-inspired design, this collection reimagines cultural symbols with a modern twist. Embracing the timeless motifs of snakes and blossoms, each piece reflects the rich heritage of Hungarian craftsmanship, translated into vibrant prints and versatile silhouettes.

TOMCSANYI’s Spring/Summer 2024 collection is a testament to the brand’s commitment to pushing boundaries and celebrating the rich tapestry of Hungarian culture. By seamlessly fusing tradition and modernity, TOMCSANYI continues to redefine the landscape of fashion.

Explore a summer wardrobe that celebrates the beauty of imperfection and the boundless creativity of TOMCSANYI’s visionary design.
