*Felix* is the angular sibling to our ever-popular *Oscar* fixture, hand crafted in the same 150-year-old French workshop employing historical techniques mastered over many centuries and generations. Like the couple for which they're named, *Felix* and *Oscar* are stylistic foils, with *Felix* favoring an articulated and tailored hand-cast metal canopy that culminates in a precisely rolled edge. Nestled inside is a hand-blown tablet in our proprietary nude toned glass; the interplay of this bespoke glass with the brass creates a quality of light that is quietly spectacular.

ABOUT THE CREATORS

## STEPHEN ALESCH & ROBIN STANDEFER

*Robin Standefer* and *Stephen Alesch* are the founders and principals of *Roman and Williams* and *RW Guild*. They present a radical vision for the home and a way of living that is not just beautiful and luxurious; it is deeply connected to nature, culture, and community. Following in a tradition of makers who create forms, shapes, and ideas, every piece has a story informed by their years of work and study in the fields of architecture, film, fine art, and interior design. Each of *Robin and Stephen's Original Designs* is the product of deep research, exhaustive sourcing, and many stages of hand-drafting, constructing, and prototyping—quality is stubbornly uncompromising. Throughout all stages of production, each piece champions natural materials, and the master craftsmen and artisans who have dedicated their lives to proven, ancient techniques and methods. *RW Guild Original Designs* are about endurance and can be maintained and repaired, every piece a modern heirloom made to last for generations
