MIL MA VOLUPTA TIUNTUR SI INVENT OFFICIIS DOLO.

Oscar is our most versatile and popular fixture, hand crafted in a French workshop established over 150 years ago, employing historical techniques mastered over many centuries and generations. Each piece is unique, with a graceful canopy hand spun from a brass alloy that is rich in copper, resulting in a warm, nuanced finish. Within the canopy, a glass shade or metal shade diffuser are interchangeable. The hand-blown glass tablet creates a quality of light that is quietly spectacular while the metal shade offers a soft, indirect light.

Oscar is available as a Pendant, Counterweight or Flushmount in a selection of Signature and Distinctive finishes with bespoke glass.

ABOUT THE CREATORS

STEPHEN ALESCH & ROBIN STANDEFER

Robin Standefer and *Stephen Alesch* are the founders and principals of *Roman and Williams* and *RW Guild*. They present a radical vision for the home and a way of living that is not just beautiful and luxurious; it is deeply connected to nature, culture, and community. Following in a tradition of makers who create forms, shapes, and ideas, every piece has a story informed by their years of work and study in the fields of architecture, film, fine art, and interior design. Each of *Robin and Stephen's Original Designs* is the product of deep research, exhaustive sourcing, and many stages of hand-drafting, constructing, and prototyping—quality is stubbornly uncompromising. Throughout all stages of production, each piece champions natural materials, and the master craftsmen and artisans who have dedicated their lives to proven, ancient techniques and methods. *RW Guild Original Designs* are about endurance and can be maintained and repaired, every piece a modern heirloom made to last for generations
